the concept of reincarnation has been around for thousands of years and is a part of many religions including hinduism buddhism jainism and sikhism in addition to these religious beliefs many people believe it offers an explanation for the mysteries of life there are

children that claim to remember previous lives as adults or even animals these claimed memories might affect the development of the child and be incorporated into the child's personality this book presents an in depth look at Dr Stevenson's forty years studying children who claim to remember previous lives it is an informative professional read that dispels common misconceptions about reincarnation and offers an open minded perspective it provides an overview of the history of the belief in and evidence for reincarnation with new material relating to birthmarks and birth defects independent replication studies and recent developments in genetic study it also covers research on children the methods used the cases studied and the analyses of the data the idea of reincarnation is explored as an explanation for some unsolved problems in psychology and medicine introduction to reincarnation provides an introduction to the study of reincarnation including a discussion of the belief in reincarnation variations in different cultures looks at how reincarnation is viewed in different cultures around the world and how it has changed over time explanatory value of the idea of reincarnation the idea of reincarnation has been around for thousands of years and many people believe it offers an explanation for the mysteries of life types of evidence for reincarnation there are many types of evidence for reincarnation including anecdotal evidence case studies and research studies typical cases of children looks at typical cases of children who remember previous lives with a focus on their characteristics methods of research discusses the methods of research and the various ways in which previous life memories can be investigated analysis and interpretation of cases analyzes a number of cases from the author's 40 year career

past life regression therapy is built upon the idea that we're eternal beings that move from life to another in different place and time as perpetual spirits we come across bodily existence on earth in a series of persona and physical bodies on a spiritual level we choose every lifetime as a way to learn the lessons we've to head off for ourselves exploring our life in the past through a therapy for apparently inexplicable physical or mental issues is known as past life regression therapy it works together with beliefs of reincarnation and takes us back in earlier life to get a better understanding of our life we live in the present inside you will discover how your previous lifetimes are deeply woven into your present discomfort gain insights for profound changes an immersive exploration into the fascinating realm of past life regression opening new pathways to comfort and renewal strategies for setting powerful intentions that direct your subconscious toward relief and self realization ways to tap into your soul's repository of records access your own google search the soul across timelines hands on methods for revisiting your past lives shedding light on your present identity past life regression hypnosis sessions can help you uncover your previous lives remember forgotten memories and access emotional healing to unlock unresolved emotional issues it's normal to feel a little apprehensive about exploring your past lives after

all this is something that most people don't do every day but hypnotherapy is a very safe and effective way to access your subconscious mind so that you may overcome certain patterns of behaviour from previous incarnations

what follows are some poems written along my journey some were written as i rode my destiny train others as i fell from it and many as i walked along the track waiting for it to come around again some are dark some are deep and others loving some speak of loss and some are full of hurt some are full of joy and others are fun and slightly quirky they all offer hope well at least they did to me when i wrote them enjoy
